

Amendments to the Specification:

After the brief description of drawing 133 in the Brief Description of the Drawings section, please add the following:

Figure 134 is a perspective view of a ball joint assembly in a first configuration;

Figure 135 is another perspective view of the ball joint assembly of Figure 134 in the first configuration;

Figure 136 is a perspective view of the ball joint assembly of Figure 134 in a second configuration corresponding to the screen angled outwardly;

Figure 137 is another perspective view of the ball joint assembly of Figure 134 in the second configuration;

Figure 138 is a perspective view of the ball joint assembly of Figure 134 in a third configuration corresponding to the screen being rotated in a position between landscape and portrait orientations;

Figure 139 is a perspective view of the ball joint assembly of Figure 134 in a fourth configuration corresponding to an orientation different from that of the first configuration;
